

ELLAKTOR GROUP

ELLAKTOR is the largest infrastructure group in Greece and one of the leading in Southeastern Europe with long-term investments in key fields, including construction, concessions, waste management, renewable energy and real estate development. With operations in **29** countries and nearly **6,000** employees, the company generates a turnover of **€1.3 billion** (2019) and is ranked 83rd among the top 100 global manufacturing groups (Global Powers of Construction 2018, Deloitte).

Combining 70 years of expertise in the most complex and demanding projects with the latest technologies, ELLAKTOR breathes life into projects that accelerate growth and improve the quality of life in communities across the world.

21 years after the triple merger of Elliniki Technodomiki, AKTOR and TEV that created ELLAKTOR, the Group is redefined by setting modern corporate governance as a cornerstone and gives priority to enhancing Group operations, to reorganizing capital structure and to further capitalizing on synergies, in order to provide increased added value to its shareholders, its employees and the Greek economy.

AKTOR: The construction arm of ELLAKTOR and its biggest subsidiary is established as a leading international infrastructure company, providing a wide range of highly diversified services in the fields of Construction, Solar Power, Quarrying, Facility and Project management. AKTOR's emblematic construction projects in Greece and abroad include the Gold Line Metro of Doha, Qatar, the new Acropolis Museum, the Rion-Antirion Bridge etc.

AKTOR CONCESSIONS: The largest concessions company in Greece and the first to enter into concessions agreements already since the 1990s, possessing vast experience in all aspects of concessions. Its portfolio includes the major motorways of Greece, as AKTOR CONCESSIONS holds a majority stake in Attiki Odos (65.8%) and the Moreas Motorway (71.67%), while retaining significant percentages (17-23%) in Olympia Odos, Rio-Antirio Bridge and the Aegean Motorway. Moreover, AKTOR CONCESSIONS has signed a Concession Agreement for the right to use, operate, manage and develop the Alimos Marina, the largest marina in the Balkans, for a period of 40 years, with the right of mutual extension for another 10 years

HELECTOR: A leading company in Southeast Europe with expertise in the field of waste management. With vertically integrated operation, the company is active in the whole spectrum of Design, Construction and Operation of modern waste treatment plants, in alternative fuel production and in biomass exploitation. HELECTOR's portfolio includes the 1st PPP for waste management in Greece, as well as the largest Waste Treatment Plant in Europe (Sofia, Bulgaria).

ELLAKTOR - Renewable Energy Sources Division: The parent company of the Group, following the merger by absorption of its subsidiary EL.TECH. ANEMOS, is the central arm of ELLAKTOR Group in the field of Renewable Energy Sources and the 2nd largest wind energy producer in Greece. Today, ELLAKTOR has 491 MW of total installed capacity in operation, while the construction of 2 new wind farms of a total installed capacity of 88.2 MW is underway and RES projects (mainly Wind Farms) with a capacity of 454.14 MW are at various stages of the licensing process.

REDS: One of Greece's leading real estate development companies. REDS undertakes medium and large-scale Retail and Entertainment, Office, Mixed Use, Exhibition and Conference and Residential projects. Among others, REDS has developed and is operating Smart Park, the biggest Retail Park in Greece, with 53,000 sq.m and 5.5 million visitors in 2019. The company is currently developing the emblematic Cambas Park, in an investment of approximately €200 million.
