Notes to the interim financial statements

1 General information

The Group operates via its subsidiaries, mainly in construction & quarries, real estate development and management, wind power, environment and concessions.

The Company was incorporated and is based in Greece with registered and central offices at 25 Ermou Str., 145 64, Kifissia, Attica.

The Company's shares are traded on the Athens Stock Exchange.

These condensed interim financial statements were approved by the Company's Board of Directors on 29 May 2015 and are available at the company's website: www.ellaktor.com.

2 Basis of preparation of interim financial statements

2.1 General

These condensed interim financial statements for the period from 1 January to 31 March 2015 have been prepared in accordance with the International Accounting Standard (IAS) 34 "Interim Financial Reporting". These condensed interim financial statements have been prepared in accordance with those IFRS which were either published and applied or published and early adopted at the period of preparation of the condensed interim financial statements (i.e. May 2015).

The accounting policies used in preparing these condensed interim financial statements are in accordance with those used in the preparation of the annual financial statements for the year ended 31 December 2014.

For better understanding and more detailed information, these condensed interim financial statements should be read in conjunction with the annual financial statements for the period ended on 31 December 2014 posted on the Company's website (www.ellaktor.com).

With regard to expenses incurred on a non-recurring basis over the period, provisions for expenses have been formed, or realized expenses have been posted in transit accounts, only in cases where such action would be appropriate at period end.

Income tax over the interim period is recognised using the tax rate which would have applied to the anticipated total annual profits.

2.2 Going Concern

The condensed interim financial report has been prepared in accordance with the International Financial Reporting Standards ("IFRS") and provides a reasonable presentation of the financial position, profit and loss, and cash flows of the Group, in accordance with the principle of going concern.

2.3 New standards, amendments to standards and interpretations

Certain new standards, amendments to standards and interpretations have been issued that are mandatory for periods beginning during the current financial year and subsequent years. The Group's evaluation of the effect of these new standards, amendments to standards and interpretations is as follows:

Standards and Interpretations effective for the current financial year

IFRIC 21 "Levies"

This interpretation sets out the accounting for an obligation to pay a levy imposed by government that is not income tax. The interpretation clarifies that the obligating event that gives rise to a liability to pay a levy (one of the criteria for the recognition of a liability according to IAS 37) is the activity described in the relevant legislation that triggers the payment of the levy. The interpretation could result in recognition of a liability later than today, particularly in connection with levies that are triggered by circumstances on a specific date.

Annual Improvements to IFRSs 2013

The amendments set out below describe the key changes to three IFRSs following the publication of the results of the IASB's 2011-13 cycle of the annual improvements project.

IFRS 3 "Business combinations"

This amendment clarifies that IFRS 3 does not apply to the accounting for the formation of any joint arrangement under IFRS 11 in the financial statements of the joint arrangement itself.

IFRS 13 "Fair value measurement"

The amendment clarifies that the portfolio exception in IFRS 13 applies to all contracts (including non-financial contracts) within the scope of IAS 39/IFRS 9.

IAS 40 "Investment property"

The standard is amended to clarify that IAS 40 and IFRS 3 are not mutually exclusive.

Standards and Interpretations effective for subsequent periods

IFRS 9 "Financial Instruments" and subsequent amendments to IFRS 9, IFRS7 (effective for annual periods beginning on or after 1 January 2018)

IFRS 9 replaces the guidance in IAS 39 which deals with the classification and measurement of financial assets and financial liabilities and it also includes an expected credit losses model that replaces the incurred loss impairment model used today. IFRS 9 establishes a more principles-based approach to hedge accounting and addresses inconsistencies and weaknesses in the current model in IAS 39. The Group is currently investigating the impact of IFRS 9 on its financial statements. The Group cannot currently early adopt IFRS 9 as it has not been endorsed by the EU.

IFRS 15 "Revenue from Contracts with Customers" (effective for annual periods beginning on or after 1 January 2017)

IFRS 15 has been issued in May 2014. The objective of the standard is to provide a single, comprehensive revenue recognition model for all contracts with customers to improve comparability within industries, across industries, and across capital markets. It contains principles that an entity will apply to determine the measurement of revenue and timing of when it is recognized. The underlying principle is that an entity will recognise revenue to depict the transfer of goods or services to customers at an amount that the entity expects to be entitled to in exchange for those goods or services. The Group is currently investigating the impact of IFRS 15 on its financial statements. The standard has not yet been endorsed by the EU.

IAS 19R (Amendment) "Employee Benefits" (effective for annual periods beginning on or after 1 February 2015)

These narrow scope amendments apply to contributions from employees or third parties to defined benefit plans and simplify the accounting for contributions that are independent of the number of years of employee service, for example, employee contributions that are calculated according to a fixed percentage of salary.

IFRS 11 (Amendment) "Joint Arrangements" (effective for annual periods beginning on or after 1 January 2016)

This amendment requires an investor to apply the principles of business combination accounting when it acquires an interest in a joint operation that constitutes a 'business'. This amendment has not yet been endorsed by the EU.

IAS 16 and IAS 38 (Amendments) "Clarification of Acceptable Methods of Depreciation and Amortisation" (effective for annual periods beginning on or after 1 January 2016)

This amendment clarifies that the use of revenue-based methods to calculate the depreciation of an asset is not appropriate and it also clarifies that revenue is generally presumed to be an inappropriate basis for measuring the consumption of the economic benefits embodied in an intangible asset. These amendments have not yet been endorsed by the EU.

IAS 16 and IAS 41 (Amendments) "Agriculture: Bearer plants" (effective for annual periods beginning on or after 1 January 2016)

These amendments change the financial reporting for bearer plants, such as grape vines and fruit trees. The bearer plants should be accounted for in the same way as self-constructed items of property, plant and equipment. Consequently, the amendments include them within the scope of IAS 16, instead of IAS 41. The produce growing on bearer plants will remain within the scope of IAS 41. The amendments have not yet been endorsed by the EU.

IAS 27 (Amendment) "Separate Financial Statements" (effective for annual periods beginning on or after 1 January 2016)

This amendment allows entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in their separate financial statements and clarifies the definition of separate financial statements. This amendment has not yet been endorsed by the EU.

IFRS 10 and IAS 28 (Amendments) "Sale or contribution of assets between an Investor and its Associate or Joint Venture" (effective for annual periods beginning on or after 1 January 2016)

These amendments address an inconsistency between the requirements in IFRS 10 and those in IAS 28 in dealing with the sale or contribution of assets between an investor and its associate or joint venture. The main consequence of the amendments is that a full gain or loss is recognised when a transaction involves a business (whether it is housed in a subsidiary or not). A partial gain or loss is recognised when a transaction involves assets

ELLAKTOR SA

Interim summary financial reporting in accordance with International Accounting Standard 34 for the period from 1 January to 31 March 2015

that do not constitute a business, even if these assets are housed in a subsidiary. The amendments have not yet been endorsed by the EU.

IAS 1 (Amendments) "Disclosure initiative" (effective for annual periods beginning on or after 1 January 2016)

These amendments clarify guidance in IAS 1 on materiality and aggregation, the presentation of subtotals, the structure of financial statements and the disclosure of accounting policies. The amendments have not yet been endorsed by the EU.

IFRS 10, IFRS 12 and IAS 28 (Amendments) "Investment entities: Applying the consolidation exception" (effective for annual periods beginning on or after 1 January 2016)

These amendments clarify the application of the consolidation exception for investment entities and their subsidiaries. The amendments have not yet been endorsed by the EU.

Annual Improvements to IFRSs 2012 (effective for annual periods beginning on or after 1 February 2015)

The amendments set out below describe the key changes to certain IFRSs following the publication of the results of the IASB's 2010-12 cycle of the annual improvements project.

IFRS 2 "Share-based payment"

The amendment clarifies the definition of a 'vesting condition' and separately defines 'performance condition' and 'service condition'.

IFRS 3 "Business combinations"

The amendment clarifies that an obligation to pay contingent consideration which meets the definition of a financial instrument is classified as a financial liability or as equity, on the basis of the definitions in IAS 32 "Financial instruments: Presentation". It also clarifies that all non-equity contingent consideration, both financial and non-financial, is measured at fair value through profit or loss.

IFRS 8 "Operating segments"

The amendment requires disclosure of the judgements made by management in aggregating operating segments.

IFRS 13 "Fair value measurement"

The amendment clarifies that the standard does not remove the ability to measure short-term receivables and payables at invoice amounts in cases where the impact of not discounting is immaterial.

IAS 16 "Property, plant and equipment" and IAS 38 "Intangible assets"

Both standards are amended to clarify how the gross carrying amount and the accumulated depreciation are treated where an entity uses the revaluation model.

IAS 24 "Related party disclosures"

The standard is amended to include, as a related party, an entity that provides key management personnel services to the reporting entity or to the parent of the reporting entity.

Annual Improvements to IFRSs 2014 (effective for annual periods beginning on or after 1 January 2016)

The amendments set out below describe the key changes to four IFRSs. The amendments have not yet been endorsed by the EU.

IFRS 5 "Non-current Assets Held for Sale and Discontinued Operations"

The amendment clarifies that, when an asset (or disposal group) is reclassified from 'held for sale' to 'held for distribution', or vice versa, this does not constitute a change to a plan of sale or distribution, and does not have to be accounted for as such.

IFRS 7 "Financial Instruments: Disclosures"

The amendment adds specific guidance to help management determine whether the terms of an arrangement to service a financial asset which has been transferred constitute continuing involvement and clarifies that the additional disclosure required by the amendments to IFRS 7, 'Disclosure – Offsetting financial assets and financial liabilities' is not specifically required for all interim periods, unless required by IAS 34.

IAS 19 "Employee benefits"

The amendment clarifies that, when determining the discount rate for post-employment benefit obligations, it is the currency that the liabilities are denominated in that is important, and not the country where they arise.

IAS 34 "Interim Financial Reporting"

The amendment clarifies what is meant by the reference in the standard to 'information disclosed elsewhere in the interim financial report'.

2.4 Rounding of accounts

The amounts disclosed in these condensed interim financial statements have been rounded to EUR thousand. Any possible differences that may occur are due to these roundings.

3 Critical accounting estimates and judgments of the management

Condensed interim financial statements and the accompanying notes and reports may involve certain judgments and calculations that refer to future events regarding operations, development, and financial performance of the Company and the Group. Despite the fact that such assumptions and calculations are based on the best possible knowledge of the Company and the Group Management with respect to current conditions and actions, the actual results may eventually differ from calculations and assumptions taken into consideration in the Company and Group preparation of the interim financial statements.

In the preparation of these condensed interim financial statements, the significant judgments made by the Management in applying the Group's and Company's accounting policies, and the key sources of estimation of uncertainty were the same as those that applied to the annual financial statements for the year ended 31 December 2014.

4 Financial risk management

4.1 Financial risk factors

The Group is exposed to several financial risks such as market risk (changes to prices for the purchase of property, raw material such as iron, cement, etc), credit risk, liquidity risk, foreign exchange risk and interest rate risk.

These condensed interim financial statements do not include financial risk management information and the disclosures required in the audited annual financial statements and, therefore, they should be read in conjunction with the annual financial statements of 2014.

4.2 Liquidity risk

Management of the liquidity risk includes the preparation of budgets, the monitoring of cash flows and the provision for cash available to meet cash needs, including intra-company loan facilities. As regards the Group's long-term cash needs (including maturing borrowings), it is the Group's intention to secure long-term borrowings where possible. At the same time, discussions with banking institutions are currently in progress, both at parent and subsidiaries level, for the renewal or refinancing of borrowings which mature within the next year.

4.3 Determination of fair value

The financial instruments carried at fair value at the balance sheet date are classified under the following levels, in accordance with the valuation method:

- Level 1: for assets and liabilities traded in an active market and whose fair value is determined by the quoted prices (unadjusted) of identical assets or liabilities.
- Level 2: for assets and liabilities whose fair value is determined by factors related to market data, either directly (that is, as prices) or indirectly (that is derived from prices).
- Level 3: for assets and liabilities whose fair value is not based on observable market data, but is mainly based on internal estimates.

The table below presents a comparison of the carrying values of the Group's financial assets and liabilities at amortised cost and their fair values:

GROUP

| | Book | value | Fair value | |
|-----------------------------------|-----------|-----------|------------|-----------|
| Amounts in EUR thousand | 31-Mar-15 | 31-Dec-14 | 31-Mar-15 | 31-Dec-14 |
| Financial Assets | | | | |
| Financial assets held to maturity | 128,583 | 79,126 | 115,181 | 80,773 |
| Financial liabilities | | | | |
| Long-term & short-term borrowings | 1,473,318 | 1,550,667 | 1,471,145 | 1,544,917 |

COMPANY

| | Book | value | Fair value | | |
|-----------------------------------|-----------|-----------|------------|-----------|--|
| Amounts in EUR thousand | 31-Mar-15 | 31-Dec-14 | 31-Mar-15 | 31-Dec-14 | |
| Financial liabilities | | | | | |
| Long-term & short-term borrowings | 268,058 | 265,092 | 268,058 | 265,092 | |

The fair values of trade receivables and trade payables approximate their book values. The fair values of borrowings are estimated based on the discounted future cash flows and are included in Level 3 of the fair value hierarchy.

The following table presents the Group's financial assets and liabilities at fair value as at 31 March 2015 and 31 December 2014:

GROUP

| | 31 March 2015 | | | | | |
|--|---------------|---------|---------|---------|--|--|
| | | | | | | |

| | HIERARCHY | | | | | |
| | LEVEL 1 | LEVEL 2 | LEVEL 3 | TOTAL | | |
| Financial assets Financial assets at fair value through profit and loss | 3 | - | - | 3 | | |
| Available-for-sale financial assets | 79,867 | - | 11,472 | 91,339 | | |
| Derivatives - Warrants Financial liabilities | 407 | - | - | 407 | | |
| Derivatives used for hedging | - | 175,097 | - | 175,097 | | |

No transfers were made during the period between level 1 and level 2.

4.4 Valuation techniques used to derive Level 2 fair values

Level 2 derivatives primarily comprise interest rate swaps and are valued using forward rates extracted from observable yield curves.

4.5 Valuation techniques used to derive Level 3 fair values

The table below presents the changes to Level 3 financial assets for the period ended 31 March 2015 and the year ended 31 December 2014:

GROUP

| Amounts in EUR thousand | 31 March 2 | | 31 December 2014 | | |
|-------------------------|-------------------------------------|--------|-------------------------------------|--------|--|
| | LEVEL | 3 | LEVEL 3 | | |
| | Available-for-sale financial assets | TOTAL | Available-for-sale financial assets | TOTAL | |
| At period start | 11,472 | 11,472 | 5,091 | 5,091 | |
| Additions | 10,130 | 10,130 | 6,381 | 6,381 | |
| At period end | 21,602 | 21,602 | 11,472 | 11,472 | |

4.6 Fair value of borrowings

The carrying value of short-term borrowings approaches their fair value, as the discounting effect is not material. At a consolidated level, the fair value of fixed rate borrowings at 31.03.2015, with a carrying value of EUR 311.8 million, was calculated at EUR 309.6 million (at 31.12.2014 the fair value of fixed rate borrowings with a carrying value of EUR 381.8 million amounted to EUR 376.0 million).

The parent company had no fixed-rate borrowings as at 31.03.2015 and 31.12.2014.

5 Segment reporting

As of 31 March 2015, the Group was mainly operating in 6 business segments:

- Construction & Quarries
- Real estate development
- Concessions
- Wind farms
- Environment
- Other activities

The Chairman, the Managing Director and other executive members of the Board of Directors are responsible for making business decisions. Having determined the operating segments, the above persons review the internal financial reports to evaluate the Company's and Group's performance and to make decisions regarding fund allocation. The Board of Directors uses various criteria to evaluate Group activities, which vary depending on the nature, the maturity and special attributes of each field, having regard to any risks, current cash needs and information about products and markets.

All amounts in EUR thousand.

The results for each segment for the 3-month period of 2015 are as follows:

| | Note | Construction & Quarries | Real estate development | Concessions | Wind farms | Environment | Other | Total |
|--|------|-------------------------|----------------------------|-------------|---------------|-------------|---------|----------|
| Total gross sales per segment | | 288,518 | 1,656 | 47,809 | 11,699 | 31,151 | 55 | 380,888 |

In early 2015 the Group refinanced the long-term loans of the parent ELLAKTOR SA (EUR 227.5) and AKTOR CONCESSIONS SA (EUR 170 million) ensuring the availability of additional capital of EUR 102.5 million for the financing of the Group's future investments. Moreover, in Q1 2015 the subsidiary ELLINIKI TECHNODOMIKI ANEMOS SA contractualised approved long-term funding of EUR 31.3 for the implementation of wind farms under construction as well as the refinancing of existing long-term borrowings of EUR 43.8. The Subsidiary AKTOR refinanced its long-term loans of EUR 78.8 million.

for the period from 1 January to 31 March 2015

The variance noticed in the line 'Short-term loans to related parties' of the parent company, i.e. ELLAKTOR, mainly concerns the reclassification of loans from short-term to long-term, as these were refinanced.

The total borrowings include amounts from subordinated non-recourse debt amounting to a total of EUR 651,4 million 31.12.2014: EUR 778.1 million) from concession companies, in particular amounting to EUR 129,2 million (31.12.2014: EUR 256.9 million) from ATTIKI ODOS SA, EUR 522.2 million (31.12.2014: EUR 521.2 million) from MOREAS SA.

Exposure to changes in interest rates and the dates of repricing the contracts are presented in the following table:

23 Dividends per share

The Annual Ordinary General Meeting of Shareholders held on 27.06.2014 decided not to distribute dividend for FY 2013. Similarly, no dividend had been distributed for FY 2012. Pursuant to article 16(8)(b) of Law 2190/1920, the amount of dividend attributable to treasury shares increases the dividend of other Shareholders. This dividend is subject to dividend withholding tax, in accordance with the applicable tax legislation. The Company's Board of Directors will propose to the Annual Ordinary General Meeting of Shareholders not to distribute any dividends for FY 2014.

24 Contingent assets and liabilities

- (a) Proceedings have been initiated against the Group for labour accidents which occurred during the execution of construction projects by companies or joint operations in which the Group participates. Because the Group is fully insured against labour accidents, no substantial outflows are expected as a result of legal proceedings against the Group. Other litigations or disputes referred to arbitration, as well as the pending court or arbitration rulings are not expected to have a material effect on the financial position or the operations of the Group or the Company, and for this reason no relevant provisions have been formed.
- (b) From FY 2011 onwards, Greek Sociétés Anonyme and Limited Liability Companies whose annual financial statements are mandatorily audited are required to obtain an "Annual Certificate" under article 82(5) of Law 2238/1994. This "Annual Certificate" is issued following a tax audit performed by the legally appointed auditor or audit firm that audits the annual financial statements. Upon completion of the tax audit, the statutory auditor or audit firm issues to the company a "Tax Compliance Report" and then the statutory auditor or audit firm submits it to the Ministry of Finance electronically. The "Tax Compliance Report" must be submitted to the Ministry of Finance no later than the tenth day of the seventh month after financial year end. The Ministry of Finance will choose a sample of certain companies representing at least 9% of all companies submitting a "Tax Compliance Report" to be re-audited by the competent auditing services of the Ministry. The audit must be completed no later than eighteen months from the date of submission of the "Tax Compliance Report" to the Ministry of Finance.

Unaudited years of the consolidated Group companies are shown in Note 7. The Group's tax liabilities for these years have not been finalised yet and, therefore, additional charges may arise when the relevant audits are performed by the tax authorities. The provisions recognised by the Group for unaudited years stand at EUR 2,240 thousand and for the parent company at EUR 180 thousand (Note 18). Parent company ELLAKTOR has not been audited by the Tax Authorities for financial year 2010. It has been audited for years 2011, 2012 and 2013 pursuant to Law 2238/1994 and has obtained a tax compliance certificate from PricewaterhouseCoopers SA without any qualification. PricewaterhouseCoopers SA has already undertaken the parent's tax audit for financial year 2014. Also, a tax audit for closing year 2014 is underway by the competent audit firms for the Group's subsidiaries based in Greece. The Company's management is not expecting significant tax liabilities, upon completion of the tax audit, other than those recorded and presented in the financial statements.

In note 7 the Group companies bearing the mark (*) in the column of unaudited tax years are companies that are incorporated in Greece, are subject to mandatory audit by audit firms and have received a tax compliance certificate for FY 2011, 2012 and 2013. According to the relevant legislation, tax audit of FY 2013 will have been completed no later than 18 months from the date of submission of the 'Tax Compliance Report' to the Ministry of Finance.

- (c) The Group has contingent liabilities in relation to banks, other guarantees, and other matters that arise from its normal business activity and from which no substantial charges are expected to arise.
- (d) The litigation between the subsidiary REDS SA, being the general assign of LOFOS PALLINI SA and the Municipality of Pallini before the Council of State, following the company's application for annulment regarding the payable special contribution under Law 2947/2001, which the Municipality estimates at approximately EUR 750,000, is pending. The hearing of the present case took place on 23.01.2013 and the moratorium No 1581/2013 1581/2013 was issued concerning this case. Following more postponements, the case was heard on 14.01.2015 and a decision is expected to be adopted.
- (d) According to Decision No. 6458/2011 of the Athens Court of Appeal, regarding a claim submitted by subsidiary REDS SA against the Municipality of Pallini for setting a temporary unit price for expropriated property of the Company situated at "Kamba Triangle", the amount of approximately EUR 3.98 million was awarded to the Company. Decision No 7002/2014 of the Single-Member Court of Appeal of Athens validated the order for payment No 12303/2012 of the Judge of the Single-Member Court of First Instance of Athens, according to which the Municipality of Pallini must pay to the company the above amount, which now amounts to EUR 4.6 million, including interest and judicial fees.
