

## **Announcement**

### **Sign a contract (Psyttalia)**

ELLAKTOR SA (hereinafter the "Company") announces, in accordance with Regulations (EU) 596/2014 of the European Parliament & Council and of the Athens Stock Exchange, that its subsidiary AKTOR SA, acting as a Lead member of the Joint Venture AKTOR SA (40%) - AVAX SA (40%) - ERGOTEM SA (20%), signed a five-year contract with the Athens Water Supply and Sewerage Company (EYDAP), for the undertaking of the project "Operation and Maintenance of the Psyttalia Wastewater Treatment Plant (WWTP)", for a total consideration of € 174.9 million (VAT incl.), with the option right for an annual extension (€34.3 million, VAT incl.) .

The contract concerns the operation and maintenance services of the Psyttalia WWTP and includes, among others, important interventions for the modernization of the facility as well as for its functional and energy upgrade.

Psyttalia is one of the largest WWTPs in Europe and worldwide, with the ability to cover a population of 5.6 million inhabitants, and an average capacity of incoming wastewater of 730 thousands m<sup>3</sup>/day.
