

### **Important announcement**

#### **AKTOR participates in the construction of one of the three sections of TAP in Greece**

ELLAKTOR informs investors that its subsidiary AKTOR, as part of a joint venture with the French company SPIECAPAG, will implement the construction of the first section of the TAP (Trans-Adriatic Pipeline) project in north Greece, for the transport of natural gas from Azerbaijan to Europe.

This section of the project pertains to the construction of a pipeline with a diameter of 48 inches and a length of 180 kilometres, extending from the Greek-Turkish border to Kavala, including ancillary installations for its operation. The period until project completion is estimated at approximately two years.
