COOKIES POLICY

Information on the use of Cookies

Cookies

Cookies are small text files that are placed on your computer by the websites you visit. They are widely used to make websites functional or to operate more efficiently, as well as to provide information to the owners of websites. They allow us to give you the best possible browsing experience and have a way to understand how you use it. Some cookies have already been set. You can delete and block cookies, but parts of our website will not work without them. By using our website, you accept the use of these cookies.

Use of cookies

We use cookies on our website, as it is easier for you to log in and use our website during future visits. They also allow us to monitor the traffic of our website, to enhance functionality and to tailor the content of our website for you. You can set your computer to reject cookies, but if you do this you may not be able to use certain features of our website.
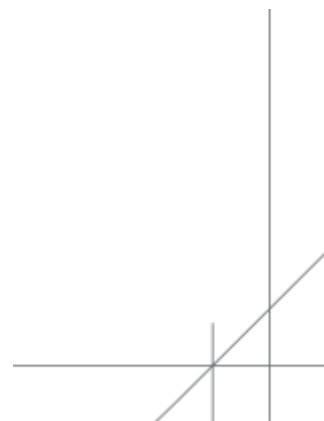

Types of cookies we use

Like most major websites, the website www.ellaktor.com uses functional cookies and performance cookies. Neither functional cookies nor performance cookies collect personally identifiable information.

Functional Cookies

These Cookies allow us to personalize the website according to your preferences, such as your language of choice or the activation of the dark theme (dark mode). They are stored on the visitor's device only if the corresponding icon is selected (e.g. presentation of the content in the selected language).

Functionality Cookies that we may use on our website are as follows:

Name	Duration	Description	Type
stock_price	30 seconds	This cookie stores information related to the current share price displayed in the upper right corner of the web page allowing the price to be updated immediately during browsing. It is essential to provide users with accurate and up-to-date financial data.	functional
darkMode	30 days	This cookie stores the user's preference for activating the dark theme (dark mode) on the website, ensuring a more comfortable and personal browsing experience.	functional
wp-wpml_current_language	session	The cookie determines the user's currently selected language on the site, through the wpml plugin, allowing the content to be continuously presented in the selected language during browsing.	functional
addtl_consent	1 year	It records the choices the user has made in the cookie consent banner, allowing the application of their preferences regarding the acceptance or non-acceptance of cookies.	functional
euconsent-v2	1 year	Reflects the user's choices in the cookie consent banner in accordance with the e-Privacy Regulation and the GDPR contributing to the legal processing of personal data	functional
cookiesession1	30 days	This cookie contains a unique identifier (ID) associated with the user's current session. It is used to maintain the state of the user's communication with the website as they navigate from page to page, allowing for a consistent and secure experience. The information stored is temporary and is deleted after the end of the user's connection.	functional

Performance Cookies

Performance cookies collect information about the use of our website and help us improve both its operation and the provision of a better user experience for visitors. They are used to understand and analyze the main performance indicators of the website and through them, we are guided to provide a consistent browsing to record the user's interaction with the website, for the sake of analyzing and improving the services and content.

The Performance Cookies we may use on our website are as follows:

Name	Duration	Description	Type
_ga	2 years	This Google cookie is responsible for identifying unique users for performance statistics. Through this anonymous identifier, Google records users who return to the site and analyzes how they interact with the content, helping to improve the experience of all users.	performance
_ga_(id)	2 years	This Google cookie maintains the state of the user's connection and includes a unique identifier used to provide consistent browsing as well as to record the user's interaction with the website for the purpose of analyzing and improving services and content	performance

Managing and Deleting Cookies

Most web browsers allow you to manage most cookies through your browser settings. Information on the protection of your personal data collected by the cookies that are used, but also on your rights and how to exercise them, can be found in the Data Protection Policy of our website. To find out more
